VERSION 1.0

Version 1.0 is the original version of the Team Member Roles. This version of the document was created as part of the Project Proposal Version 1.0.

VERSION 1.1

Version 1.1 has been changed to make Project Team Member roles, responsibilities and expectations more clear to the reader. The changes have been made to address the readability concerns discovered during the project proposal presentation.

Section	Overview of Changes	Date
Title Page	Updated version number and date	16/04/15
1.0	Disclaimer has been updated to include a more defined explanation of what a 'Project Team Member' is. The Quality Assurance Plan is also referenced.	16/04/15
2.1	"Implementation / Coding" changed to "Development (Implementation / Coding)" and moved up the list. This change helps ensure that the reader understands that all group members are developers.	16/04/15

1.0 Disclaimer

The roles and responsibilities of each group member are indicative only and may not encompass the entirety of the students workload. It is expected that the roles and responsibilities are subject to change throughout the duration of the project.

Each group member is considered a 'Project Team Member,' and takes on the Project Team Member roles, responsibilities and expectations listed below. Each member will be part of the development team during phase three — implementation of the system. Quality assurance roles will also be given to each member, in accordance to the Quality Assurance Plan.
