Meeting Agenda

- Ahmed and Alexis demonstrate previous AR technology and discuss successes and failures.
 - Ahmed explains the reasoning of the project: why a unified platform is the answer.
 - Group explain our concerns about the project.
 - Determine the project's viability and future actions.
-

1. Approval of minutes of the last meeting

- 1.1. The group is in agreement that the minutes of the last meeting are an accurate record.
-

2. Discussion of Project Development

- 2.1. We discussed AR apps. Found that the ones with a utility purpose were best.
 - 2.2. Apps with no utility do not retain user engagement.
 - 2.3. We have determined that the application needs a utility purpose to be a viable platform
 - 2.4. Alternatively we can create an Augmented Reality plugin to extend the functionality of pre-existing apps.
 - 2.5. Our project proposal must be changed to reflect our plan a/plan b approach.
 - 2.6. Luminary are not interested in making money initially. They are more interested in positioning themselves as the leader in AR for NZ (globally afterwards).
 - 2.7. Luminary use Bitbucket for online hosting of code.
-

3. Meeting Arrangements

- 3.1. Josh will research development methodologies.
 - 3.2. Paul will draft paragraphs about Ahmed and Luminary.
 - 3.3. Sean will look into AR technology (background, uses and future).
 - 3.4. Jason will work on proposal document (rationale and skills).
-

4. Adjournment of Meeting

- 4.1. There being no other business, the meeting was adjourned at 05:10 pm.
-
