Expression of Interest Form

Name: Sean Young

Student ID: 1302108

BCIS Major: Software Development

_____
_____

Name of preferred project:

. LuminAR (Luminary Technology)

Preferred role:

. Designer/ Assistant Designer

Rationale:

. I am quite interested in the LuminAR (Luminary Technology) because i am passionate in developing/designing applications that can provide a satisfying service/outcome for consumers. I also like making applications/products as user friendly as possible so quality and accuracy of the final product is one of my top priorities.

_____
_____
